

BIOMEDICA & CELL CULTURE

Key Areas & Products

- Human Primary Cells
- Human Stem and Blood Cells
- Cell Culture Media
- Sera
- 3D Cell Culture
- Cell Analysis Kits
- Cell Transfection
- Proteins
- Microbial Detection and Elimination
- Reagents & Supplements
- Biomolecules
- Consumables
- Instruments

HUMAN PRIMARY CELLS

- Musculoskeletal System
- Cardiovascular System
- Respiratory System
- Skin and Connective Tissue
- Adipose Tissue
- Kidney
- Uterus
- Umbilical Cord

HUMAN STEM AND BLOOD CELLS

- Hematopoietic Progenitor Cells
- Monocytes
- Mononuclear Cells
- Macrophages

CELL CULTURE MEDIA

- Standard Media
- Growth and Differentiation Media
- Cancer-research Media
- Macrophage Generation Media
- Dendritic Cell Generation Media

SERA

- Fetal Bovine Sera
- Human Sera
- Animal Sera

3D CELL CULTURE

- Cell Harvesting & Viability Assay Kits
- 3D Cell Culture Plates

CELL ANALYSIS KITS

- Cell Viability Kits
- Cell Proliferation Kits (EZ4U)
- Cytotoxicity Kits
- Live/Dead Cell Staining Kits
- Apoptosis Kits
- Cell-based Reporter Assays
- Dyes & Labeling Kits

CELL TRANSFECTION

- Lipid/Histone based Transfection Reagents
- Polymer based Transfection Reagents

MICROBIAL DETECTION AND ELIMINATION

- Mycoplasma Test Kits
- Mycoplasma Elimination Solutions
- Bacteria Test Kit
- Disinfectants

REAGENTS AND SUPPLEMENTS

- Detachment Reagents
- Buffers and Salt Solutions
- Antibiotics
- Supplements

PROTEINS

- Cytokines and Growth Factors
- Recombinant Proteins

BIOMOLECULES

- Inhibitors
- Activators
- Agonists
- Antagonists

CONSUMABLES

- Tissue Culture Flasks
- Tissue Culture Tubes
- Cell Scraper and Cell Spatula
- Cryo Tubes
- Triple bagged products for GMP
- Bioreactors
- Serological Pipettes
- Tissue Culture Test Plates
- Tissue Culture Dishes
- Vacuum Filtration
- Syringe Filters
- Centrifuge Tubes
- Racks and Cryo Boxes

INSTRUMENTS

- Microplate Washer
- Microplate Reader
- Live Cell Imager
- Centrifuges
- Cell Counter
- Cell Culture Incubator + Bioreactor
