

BIOMEDICA & CONSUMABLES

Key Areas

- Liquid Handling - In Vitro Diagnostics/Research/Industry

Key Products

- Tips & Pipettes
- Serological Pipettes
- Centrifuge Tubes
- Plates / Tubes / Strips / Racks for Molecular Biology & Immunology Applications
- Plates / Flasks / Dishes & Others for Cell Culture
- Cryotubes & Boxes
- Reservoirs
- Filters & Others
- Equipment

TIPS & PIPETTES

- Universal / OneTouch / LTS Rainin
- Filtered or non-filtered (10 – 1250 µl)
- Standard or low-binding
- Bulk, racked or reload systems
- Sterile or non-sterile
- Gel loading tips (10/200 µl round or flat orifice shape - for 0,4 mm or 0,2 mm gels)
- Single channel or multi-channel micropipettes

SEROLOGICAL PIPETTES

- 1 ml – 50 ml
- With or without reservoir
- Single packed or bulk
- Pipettor

CENTRIFUGE TUBES

- Microcentrifuge Tubes (0,65 / 1,7 / 2 ml)
- Centrifuge Tubes (15ml / 50ml) Conical/round/skirted

PLATES / TUBES / STRIPS / RACKS FOR MOLECULAR BIOLOGY & IMMUNOLOGY APPLICATIONS

- PCR/QPCR Tubes, tube strips and cap strips
- PCR/QPCR Plates (non-skirted/half-skirted/skirted)
- Seals
- Cooling blocks/racks

PLATES / FLASKS / DISHES & OTHERS FOR CELL CULTURE

- 6-, 12-, 24-, 48-, 96- well plates
- 25 – 300 cm² flasks
- 35 – 150 mm dishes
- Cell Scrapers & Spatula

CRYOTUBES & BOXES

- Different sizes
- Boxes & Racks

RESERVOIRS

- Different sizes
- Sterile or non-sterile
- White or translucent

FILTERS & OTHERS

- Syringe filters
- Filtration units
- Containers
- Spreaders & Loops

EQUIPMENT

- Centrifuges
- Vortex and Shakers
